<https://docs.google.com/document/d/1rmixX87DbTeWaaQBoYGriefah0k3cimxINowpexAGA4/e/dit#heading=h.ectklcfbdjn>

- **Action: Sarah** looks into details such as cursor changing on the “accepter vilkar” page, and link to vilkar page is “funny”.
- **Action: Sarah** will add Roland’s Persondata comments to Slack and communicate any necessary edits to the dev team.
- **Action: Clemens** Follow up with Mads on speechbubbles before the 21st.
- **Action: Angel:** Footer should be the same everywhere with the links (Persondata Kontakt kbhff.dk). Missing at least on login and persondata
- **Action Julie:** Ask Karen to put Trello notifications into a new slack channel.
- 

### 2. Check out Prototype

- a. Warning box tells people they need to pay contingent on min side, similar in Grøntshoppen.
- b. Warning boxes have a button to pay contingent separately, but is also added to shopping cart where it cannot be deleted.
- c. From butiksvagt view, people with unpaid kontingent are marked by a red triangle, that is explained in a hover text. “Genbestil” button is disabled.
- d. **Action Sarah:** Make sure hover message of kontingent triangles doesn’t contain a hyperlink, but instead tells you to click on the triangle to be taken to payment page.
- e. **Action next meeting:** Ask Martin where to integrate kassen into the butiksvagt view. Separate page under Butiksvagt? Fancy roll-in overlay?
- f. Filter in Dagens Bestillinger has been removed, possibly replaced by sorting functions in the future.
- g. Afdelingernes bestillinger still to come.

### 3. Trello cards ready for steering group review (See <https://trello.com/c/Nrq3FpBi>)

- a. Prepare member roles / function groups:  
**Action: Sarah** “This sounds like fun, and also I’ve gone it already”
- b. Clarifications for phase 3:
  - i. Mobilepay codes: yes
  - ii. Change membership status yourself as a member: no, needs admin / message to dept. Frivillige members shouldn’t be able to find themselves in the “find medlem” overview. This is added to “before P3 is finished” reminders now. People should somehow be made aware that they cannot find themselves, so they won’t be confused.

- c. List of minor texts/tasks: Mobilepay QR codes for signup, numbers been sent to Søren by Sarah  
**Action Josh:** Investigate Mobilepay QR codes
- d. Update to departement model  
**Action Sarah:** Figure out whether this is already implemented
- e. P2: Login - Finish content: Done
- f. P3a: General Updates: Done
- g. P2: Code Vilkaar: Is an action point for Sarah ("cursor changing"). Checklist added
- h. Define indmeldelses itemtype: Seems to be done, Julie suspects something wrong from her tests, where she in the end had a cart with three different memberships (volunteer for two different prices). This has spawned another card, so this card is done.  
**Action Julie:** Check indmeldelse subscriptiontype
- i. P3: Site hierarchy: Assigned **Sarah**
- j. P3a: Define memberships: Can be moved to "done", no way to review this
- k. P2+: Request new password: Done, Julie tested this a lot. A few (unimportant?) things remain open, **Julie** has them in mind.
- l. P3a: Indmeld dig her warning: Moved to Done
- m. P3a: Payment gateway: Sarah has done that
- n. P2+ CSS: Going through design stuff when testing at the end, but these technical things shouldn't be checked individually. Moved to Done
- o. Rethink Prototype: Decided to keep it this way, to facilitate public facing Grøntshop
- p. Mapping/synchronization: Is about import of old system. We don't know what to review here.
- q. Dropdown menu: Waiting for clarification from for @elisabethschou, remains there.
- r. Left for Josh,  
**Action Josh:** Move "Email containing a +" to Done as soon as satisfied
- s. Email format test: Pushed into "Changes rejected"
- t. Remaining cards are bugs/questions from testing, these remain to be tested once solved  
Can't do much right now, maybe move them down the list.  
**Action Julie:** Clean this up (?) "I don't like having all these cards there. I can move it."
- u. Log in and then verify: Doesn't matter. "Changes rejected"
- v. Skipping verification without payment: Doesn't matter "Changes rejected"
- w. (Julie) The membership type is empty in "dit medlemskab" after logging in the newly created account.  
Elisabeth Schou Mar 7 at 10:58 AM  
Right now as it is, the order needs to be shipped by an admin in Janitor, before the membership will activate. You can do this by going to <http://kbhff.local/janitor/admin/shop/order/list> with your admin account. Got o the order, click edit and then ship.  
However, this shipping flow is something that we will later change to become automated, so the membership will be active right after paying it.
- x. On the persondata page, there should not be a header with Min Side and Medlemshjælp. Moved

- y. Add a link to the cart/payment page. I cannot complete the order, neither can I delete my account (new signups). Sarah to get feedback from Mads on how to get/see/show the pending orders. (ORDERER button at DIT MEDLEMSKAB).
- z. "These pages should be visible when logged in. i.e. a link to look up membership types" Sarah is taking over this card.
